ENVIRONMENTAL QUALITY

1410 North Hilton, Boise, ID 83706-1255, (208) 373-0502

Dirk Kempthorne, Governor  
Toni Hardesty, Director

**NOTICE OF PUBLIC COMMENT PERIOD AND OPPORTUNITY  
FOR A PUBLIC HEARING REGARDING AN APPLICATION FOR A DRAFT  
TIER I PERMIT TO OPERATE AN AIR POLLUTION-EMITTING FACILITY**

**SUBJECT:** Application No. T1-050112 for a Tier I operating permit for an air pollution-emitting facility and proposed action: Northwest Pipeline, Boise, a natural gas transmission company, has applied for a renewal of their Tier I operating permit. This replaces their previous Tier I operating permit, number 001-00094 issued November 27, 2002. Under a Tier I permit, no facility can increase emissions above those allowed in any current permit, consent order, or other enforceable document.

**PURPOSE:** The Idaho Department of Environmental Quality (DEQ) has scheduled a period to receive public comments under Docket No. 10AP-0520 concerning the air quality aspects of the project application and the proposed action.

**AUTHORITY:** In compliance with Section 58.01.01.364, Rules for the Control of Air Pollution in Idaho, notice is hereby given that Northwest Pipeline, Boise, Idaho, has applied to the DEQ for a Tier I permit to operate an air pollution-emitting facility located at UTM Coordinates (Km) 580.6, 4799.5. Notice is also given that a period for public comment has been scheduled along with an opportunity for a public hearing.

**PUBLIC HEARING OPPORTUNITY:** Pursuant to Section 58.01.01.364, opportunity for a public hearing for interested persons to appear and submit written or oral comments may be provided if written requests are submitted to the undersigned on or before December 23, 2005. Hearing requests should include a brief statement explaining why a public hearing on the air quality aspects of the project would be beneficial.

The selected meeting site will be accessible to the physically disabled. Interpreters can be provided upon five days notice for persons with hearing impairments. For arrangements, contact the undersigned at (208) 373-0234. Braille or taped transcripts can be provided after the meeting for persons with visual impairments.

**PROPOSED ACTION:** The DEQ has reviewed the application and completed a draft Tier I operating permit based on the information submitted by the applicant.

Based on this analysis, the DEQ proposes to issue a draft Tier I operating permit to Northwest Pipeline. Following the public comment period (and public hearing if requested), the DEQ will evaluate comments received and develop a proposed permit. The proposed permit will be submitted to the Environmental Protection Agency (EPA) for a 45-day review period. The Tier I operating permit will either be issued to the facility or redrafted if the EPA provides substantive comments that would result in an EPA veto of the proposed permit.

**AVAILABILITY OF MATERIALS:** A package containing the information submitted by the applicant, DEQ's analysis, and the draft action will be available for public review at the following locations:

DEQ State Office  
1410 N. Hilton  
Boise, Idaho

DEQ Regional Office  
1445 N Orchard  
Boise, Idaho

Boise Public Library  
715 S Capitol  
Boise, Idaho

**SUBMISSION OF WRITTEN COMMENTS, ASSISTANCE ON TECHNICAL QUESTIONS:**

Anyone may submit written comment regarding the project and proposed action. To be most effective, comments should address air quality considerations and include support materials where available. Comments, requests, and questions regarding the public comment process should be directed to Joan Lechtenberg, Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255, [jlechten@deq.idaho.gov](mailto:jlechten@deq.idaho.gov), or (208) 373-0234. Please reference the company name and docket number when sending comments or requesting information.

For technical assistance on questions concerning this project or the permitting process, please contact Bill Rogers at (208) 373-0502 or [wrogers@deq.idaho.gov](mailto:wrogers@deq.idaho.gov).

All written comment and data concerning this proposal must be directed to and received by the undersigned on or before 5:00 p.m. MST, January 6, 2006.

DATED this 7th day of December 2005.

Joan Lechtenberg  
Air Quality Division
